

DEAD BY DAYLIGHT™

SPIRIT COSPLAY GUIDE

THE SPIRIT

The last of the Yamaoka bloodline, Rin was an intelligent, selfless, daughter before her unstable father tragically butchered her mother to silence voices in his head. Her father would have done the same to Rin had The Entity not sensed her potential and intervened. The truth is death might have been the better of the two fates. By the time The Entity had finished with Rin she was an abomination of her former self—a fierce killer in a shredded sarashi indiscriminately sacrificing survivors with a shattered katana and an insatiable fury coursing through her veins.
